Dear Ginny,

On behalf of the agency, I wanted to express my appreciation for your continuing support on the southern Arizona state veterans' cemetery project. Your work has been critical to the project since you first became involved last fall.

From ordnance sweeps to environmental issues, you have served the project well. Henry Halikowski, Construction Services Project Manager for the project, echoes my sentiments. Your most recent success story was developing details for estimating water mitigation costs that saved the project budget over \$50,000. More importantly, your efforts kept the project moving forward in order to meet critical deadlines.

For your hard work and persistence throughout the project, thank you.

Sincerely,

Patrick F. Chorpenning
Director
